1. Why would you like to serve on the Notre École Board of Directors?

I want to continue what we have built for the school since 2017 and help take it to the next level as we increase of student population. It has been an incredible journey and I am proud to have been here all along.

2. What experience and specific area/s of expertise would you bring to the Board?

I have been in financing for over 20 years. This is key in understanding and making sense of financial statements and budget project. All to assure good financial operations of the school. One thing that I always stress is to understand the stories behind the numbers to make sound decisions.

3. What are the primary issues you think need to be addressed by the Board over the next two years?

There is a need to establish a line of credit or internal line for gap funding. Second will be to reach a breakeven point with government reimbursements to cover expenses based on the number of students. Lastly, be a partner with the church as they build out to increase our space.
